Significant Potential Market
Opportunity: Still Early Days

Crypto market share growth outpaces all other asset classes and is disrupting the financial markets.

The global crypto market cap, now worth approximately \$2 trillion, has grown fourfold since November 2020, when it stood at \$578 billion.

Growth in crypto adoption is expected to reach 1 billion users by 2024, almost 2x faster than the internet did.

Significant Potential Market Opportunity

Opportunity & growth created by powerful shifts in the financial markets and in consumers

Most Americans (55%) want to learn more about crypto today, including two-thirds (67%) of millennials*

Expensive and Slow Traditional Systems

Legacy financial systems no longer meet the needs of digital, mobile consumers who want real-time, direct access

Changing Needs & Attitudes, Loss of Trust

Financial crisis of 2008 triggered an increased loss of trust in the financial markets that persists today

Wealth Inequality, Barriers to Entry

Average college graduate in US has \$30,000 in debt. Home ownership and wealth creation seem out of reach through traditional markets for many.*

Differentiated growth engine

Focus on Ease, Accessibility

Making the crypto market easier to navigate and more accessible to the average consumer

Data-driven Go to Market

Building marketing channels and brand partnerships through data and metrics to reach our ideal consumer base

Crypto-Led, Proprietary Technology

Scalable system built to support many types of cryptocurrencies. Scaled to support \$6 billion in crypto assets on the Finbolt Platform in 2021

Loyalty, Network Effects

A growing and engaged community of consumers act as strong advocates for the platform and the brand

Differentiated Growth Engine

Increasingly diversified, multiple revenue streams. Investing aggressively for growth, global expansion.

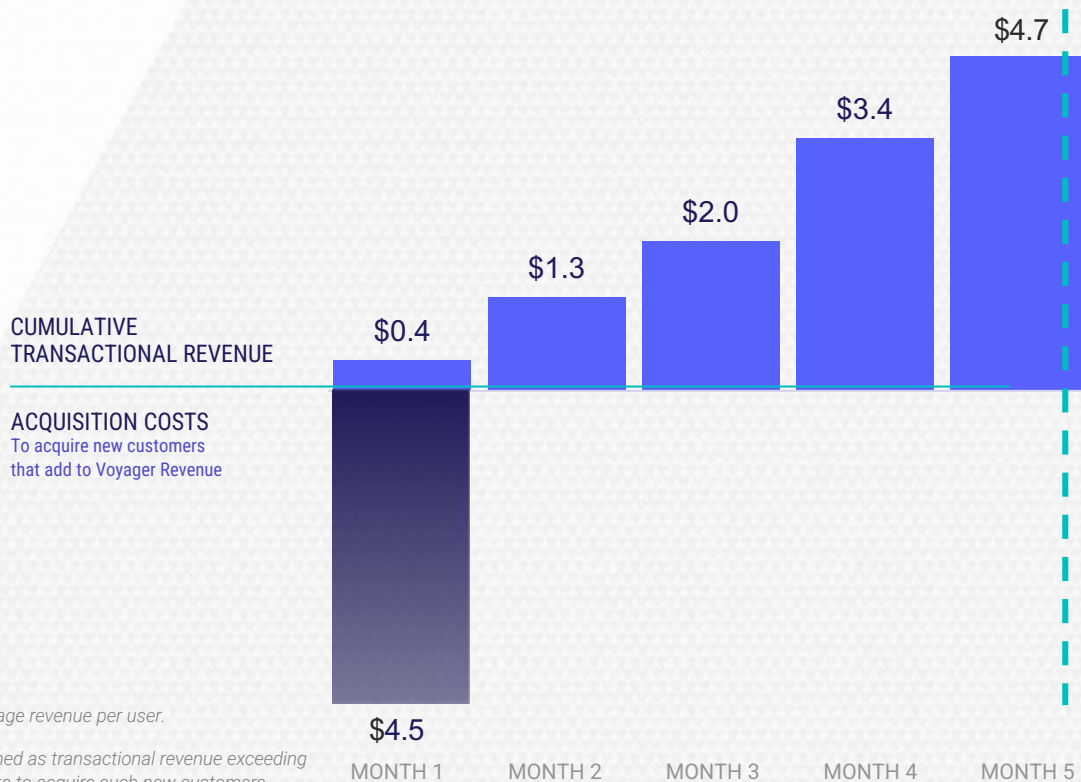

Meeting the Needs of the Crypto Consumer with Technology, Innovation & Scale

What sets Finbolt apart: Outstanding funded- account economics

Adding products will increase
the ARPU of our customers

Profitability
on new customer
acquisitions: Within
30 days to 180 days

Example: July 2021 Cohort Economics
Cost, Transaction Revenue \$ in Millions

ARPU means average revenue per user.

Profitability is defined as transactional revenue exceeding
the marketing costs to acquire such new customers.
